

Let's go on a Scavenger Hunt...

The photos here are taken in Hicks' Tract. We are not sure who has been sporadically placing these rocks, but they sure do bring many smiles! Try and find these rocks, and find others as well. Be sure and check them off when you find them, and add the ones you find on the last page. If you find one that we don't have on here, send us a photo at recreation@longhillnj.gov Have fun finding these treasures and enjoy our beautiful Hicks' Tract Park. Take the dog with you too! This is one of Rebel's favorite places to walk. Just remember to clean up after your dog. Be well!

Write down the rocks you find here that we don't have on this list yet. Make a game of it and see how many you can find!

- 1.
- 2.
- 3.

These are additional “rockin’ rocks” that our hikers found. I especially love the nods to Earth Day. April 22nd marked the 50th Anniversary of Earth Day.

Rock on...

Eagle Eye Rebel spotted these two while walking in Millington near Hicks' Tract but not in it.

Remember...please leave the rocks behind once you find them so that others can enjoy these hidden treasures!

...and even more rocks...
